Directions for date advance: WJ185 WJ220 WJ250

- In the main screen, select the area to be modified (The date) by touching it: the available options are then displayed.
- Select an option using the up and down keys and or by pressing the numeric key corresponding to the selection.
- To confirm and return to the previous screen, touch OK.*

**Note these adjustments are not permanent and will default back to current date upon either an on and off power cycle or when resuming operations from a standby. This cannot be adjusted.*

If you have problems, contact 262-432-2200 to speak to a service representative at MAILwaukee Mailing & Shipping.
